4.

Whether you arrive by plane or train, we will be there waiting for you and by your side every step of the way during your visits with the companies you've selected. Whatever your needs may be, from logistics to interpreting and everything in-between, we've got it covered!

5.

The companies in Bretagne will unveil their offerings that are bound to win you over.

MISSION
ACCOMPLISHED!

BRETAGNE
COMMERCE
INTERNATIONAL

For more than 30 years, both the Regional Council and Chamber of Commerce and Industry have called upon Bretagne Commerce International to help Breton businesses take root and flight abroad. Every year, we accompany more than 2,300 businesses in their project set-up and deployment plans, and are, therefore, ideally positioned to fully understand what the regional economic fabric entails. Our "Buyer Symposia" are the opportunity wherein we oversee every step of your mission by providing, among others, client-, site visit- and administration-specific information, not to mention assistance with transportation in Bretagne. All you have to do is pay your way to Bretagne (or Paris) and your accommodation for which we would be delighted to offer suggestions and book for you.
